9K Ultra™
Waterborne Basecoat System

OUR BEST BASECOAT EVER

PREMIUM PERFORMANCE

The Ultra 9K™ Waterborne Basecoat System is manufactured in the most sophisticated lab conditions and tested in a variety of shop environments, providing you with a high quality product that delivers repeatable performance.

PRODUCTIVE SPEED AND SYSTEM DESIGN

Benchmark tests have shown that the Ultra 9K™ refinish system meets and even exceeds customer expectations; it is testament to Sherwin-Williams' commitment to leading the industry with innovative systems like Ultra 9K™--a premium basecoat that drives efficiency, cycle times and profit.

PRECISE COLOR MATCH

The Ultra 9K™ Waterborne Basecoat System comes with an all new color retrieval experience (Color Access), a spectrophotometer and global color box—making even the most difficult color match, quick and easy.
