

COLOR SYSTEM

While we optimized the primer/sealer category with the best of the best, we left everything else alone—especially clearcoats. With Matrix Edge, we zeroed in on the bank. We condensed the toner offering. We improved color quality.

TONERS

PART NO.	PRODUCT NAME/COLOR	SIZE
MT-201	EFFECT ADDITIVE	QT

A SYSTEM WITH SERIOUS EDGE.

Color Alignment. Stability. Consistency.

ONE SYSTEM. FOUR QUALITIES.

Pick the best basecoat for your job.
When a single stage is needed, Matrix Edge has it.

EPB

MATRIX EDGE PREMIUM BASECOAT

- Our most advanced basecoat solution for all refinish and restoration work
- Expect spot on color match and unsurpassed hiding
- Use for spot, panel and multi-panel repair work and complete rebuilds

MIX RATIO: 1 : 1, OPTIONAL 1 : 1 : 0-1%

NATIONAL RULE REDUCERS

MR-0960 Premium Urethane Reducer - Cool	QT, G, 5G
MR-0970 Premium Urethane Reducer - Medium	QT, G, 5G
MR-0985 Premium Urethane Reducer - Hot	QT, G, 5G
MR-0995 Premium Urethane Reducer - Very Hot	G

LOW VOC REDUCERS

MBR-1100 Low VOC Reducer - Fast	QT, G
MBR-1200 Low VOC Reducer - Normal	QT, G
MBR-1300 Low VOC Reducer - Slow	QT, G

HARDENER

MH-061 Premium Hardener - Fast	HP
----------------------------------	----

ESB

MATRIX EDGE STANDARD BASECOAT

- Another performance driven basecoat option for Edge users
- Look for blendable color match and great hiding
- Use for spot, panel and overall repair work

MIX RATIO: 1 : 1, OPTIONAL 1 : 1 : 0-1%

NATIONAL RULE REDUCERS

MR-0960 Premium Urethane Reducer - Cool	QT, G, 5G
MR-0970 Premium Urethane Reducer - Medium	QT, G, 5G
MR-0985 Premium Urethane Reducer - Hot	QT, G, 5G
MR-0995 Premium Urethane Reducer - Very Hot	G

LOW VOC REDUCERS

MBR-1100 Low VOC Reducer - Fast	QT, G
MBR-1200 Low VOC Reducer - Normal	QT, G
MBR-1300 Low VOC Reducer - Slow	QT, G

HARDENER

MH-061 Premium Hardener - Fast	HP
----------------------------------	----

EUS

MATRIX EDGE URETHANE SINGLE STAGE

- One of the most anticipated additions
- Ideal for overall repairs and fleet refinishing
- Polyurethane enamel formula delivers gloss, depth, chemical resistance and durability
- Use for panel and multi-panel repair work

MIX RATIO: 4 : 1 : 1 OR 4 : 1 : 3

NATIONAL RULE REDUCERS

MR-0960 Premium Urethane Reducer - Cool	QT, G, 5G
MR-0970 Premium Urethane Reducer - Medium	QT, G, 5G
MR-0985 Premium Urethane Reducer - Hot	QT, G, 5G
MR-0995 Premium Urethane Reducer - Very Hot	G

LOW VOC REDUCERS

MBR-1100 Low VOC Reducer - Fast	QT, G
MBR-1200 Low VOC Reducer - Normal	QT, G
MBR-1300 Low VOC Reducer - Slow	QT, G

HARDENER

MHV-28 Urethane Hardener	HP, Q
----------------------------	-------

EAE

MATRIX EDGE ACRYLIC ENAMEL SINGLE STAGE

- A high-solids, single stage acrylic urethane enamel
- Use with MH-062 hardener to achieve urethane properties, for increased durability and superior application control
- Use for overall repaint and fleet applications

MIX RATIO: 8 : 1 : 10%

NATIONAL RULE REDUCERS

MR-0960 Premium Urethane Reducer - Cool	QT, G, 5G
MR-0970 Premium Urethane Reducer - Medium	QT, G, 5G
MR-0985 Premium Urethane Reducer - Hot	QT, G, 5G
MR-0995 Premium Urethane Reducer - Very Hot	G

HARDENER
