

ULTRA
9K™

REDEFINING
REFINISH

METICULOUSLY DEPENDABLE

Redefine refinishing with Sherwin-Williams® Ultra 9K™ and Ultra System. Our innovative basecoat system and ancillaries deliver premium, consistent results that you can depend on time - after time; repair after repair; day after day.

This next-level premium brand by Sherwin-Williams extends its promise beyond colour accuracy. Our customers receive the latest technology, colour tools, business consultancy and world-class service to accelerate their performance, achieve sustainable growth and profitability both now and in the future.

We pride ourselves on our people and our partnerships. We measure our success by your success - so come rain or shine, we are committed to being by your side.

WE ARE SHERWIN-WILLIAMS®.

PRECISE COLOUR

Sherwin-Williams' global presence and heritage enables not only a continual investment in Research & Development but access to the very latest advances in technology and innovation. Ultra 9K is manufactured in the most sophisticated lab conditions, using advanced technology and high-quality raw materials for precise colour accuracy. This, combined with our exceptionally skilled and diligent workforce provides you with a premium product that delivers repeatable performance and an unprecedented finish.

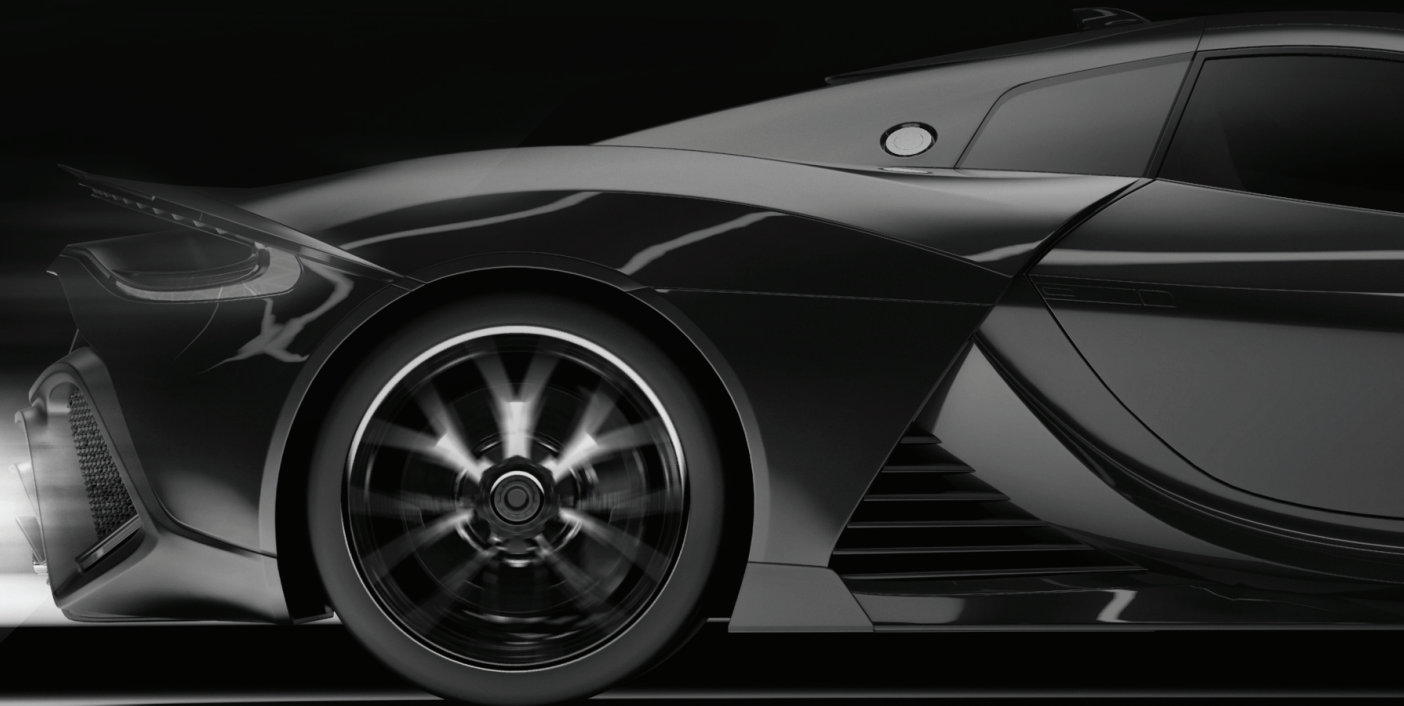

Our Ultra 9K toners are rich in pigment, intensity and effect to match all Original Equipment Manufacturer colours currently available in the market. This is backed by the exacting standards of the Ultra System ancillaries - high-performance cleaners, additives, primers/surfacers and clears, guaranteeing a complete system for outstanding results, that will pass even the toughest of tests.

TRADITIONAL VALUES. INNOVATIVE OUTLOOK.

With an expansive history of innovation in automotive refinishing, Sherwin-Williams was one of the first companies to introduce a coating specifically for automobiles back in 1894. Today, the desire to bring innovative products and services, that provide measurable and meaningful value to our customers, remains at the core of everything we do.

PEOPLE AND PARTNERSHIP

People are what makes the difference between a good company and a great one. We value, respect, and invest in our people and in yours. As part of our partnership, our people are committed to support your business beyond paint - to deliver high value business consultancy, services, and intuitive digital solutions to help your business reach its full potential. To support this further, we have developed a series of leading training schemes and programmes to ensure your people are fully trained and personally developed, which in turn increases overall efficiencies and their loyalty to you.

PRECISE & RELIABLE

Ultra 9K is manufactured in the most sophisticated lab conditions for precise colour accuracy and to provide you with a high-quality product that delivers repeatable performance regardless of the climate.

PRODUCTIVE SPEED AND PERFORMANCE

Benchmark tests have shown that the Ultra 9K refinish system exceeds customer expectations, drives efficiency, improves cycle time and increases profit. The straightforward application process, non-stir mixing system and shake and pour container design makes Ultra 9K simple to adopt, and easy to use, whilst also saving time and minimising waste.

PEACE OF MIND

Ultra 9K is backed by our lifetime warranty which gives further peace of mind to you, your customers, and the whole value chain.

ULTRA
9K™

Redefine your business with Sherwin-Williams Ultra 9K. An innovative waterborne basecoat system with a straightforward application process delivering premium results.

COLOUR SYSTEM

An impressive range of toners - delivering vibrant and brilliant colour, use alongside our global colour tools to get an accurate colour match first time, no matter how complex the finish.

TONERS

A portfolio of rich and pigmented toners, including pearls, metallics and effect colours, easy-to-mix with a unique push mechanism and pouring spout that gives an air-tight solution, which reduces waste.

SPECIAL EFFECTS

Highly concentrated special effect colours for deeper and more saturated result to match the desired effect.

ULTRA SYSTEM™

PRIMERS/SURFACERS

Sherwin-Williams primers/surfacers are versatile, reliable and designed to improve productivity while producing a smooth surface for premium results.

CLEARERS

An assortment of premium clearers designed to achieve an exceptional appearance and DOI no matter the environment or type of repair.

ACTIVATORS & REDUCERS

An assortment of reducers created to modify the consistency of paint to deliver a premium finish, suitable for use on any job size in and any climate.

Ultra 9K uses a single activator - a user-friendly system with straightforward mixing.

BODY FILLERS

Sherwin-Williams body fillers have been specifically formulated to build film thickness, correct unevenness and give a smooth surface on multiple substrates.

CLEANERS

Clean equipment and surfaces are fundamental for a premium quality finish, Sherwin-Williams cleaning agents thoroughly clean the substrates and ensure a clean base ready for paint.
